Pyramid of Humble Mastery

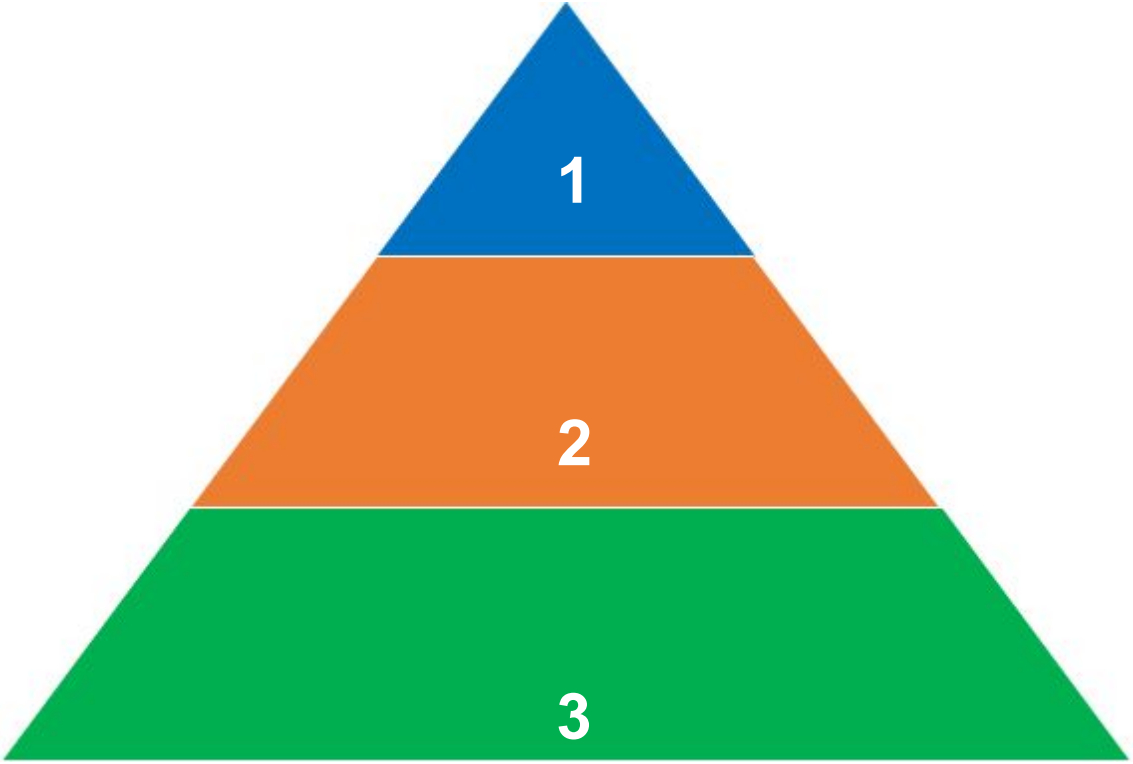
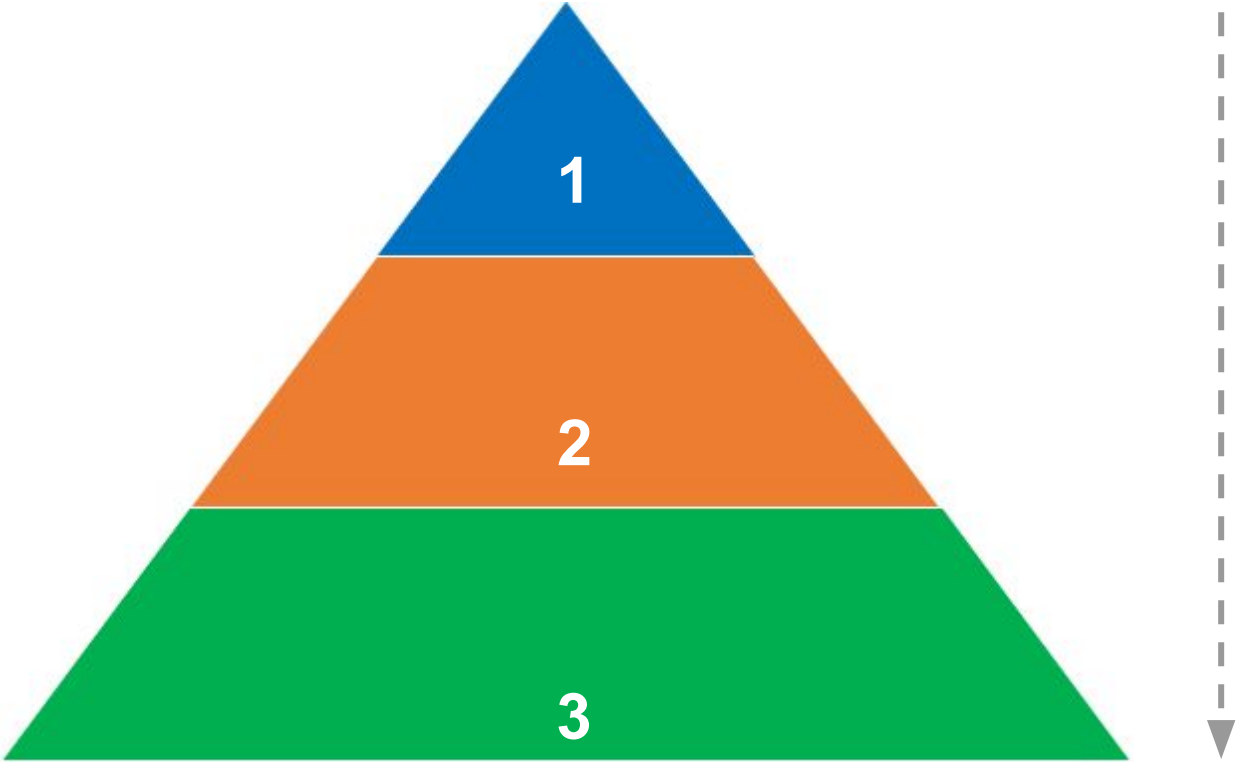
Why Pyramid?

Why not layered rectangles or concentric circles?



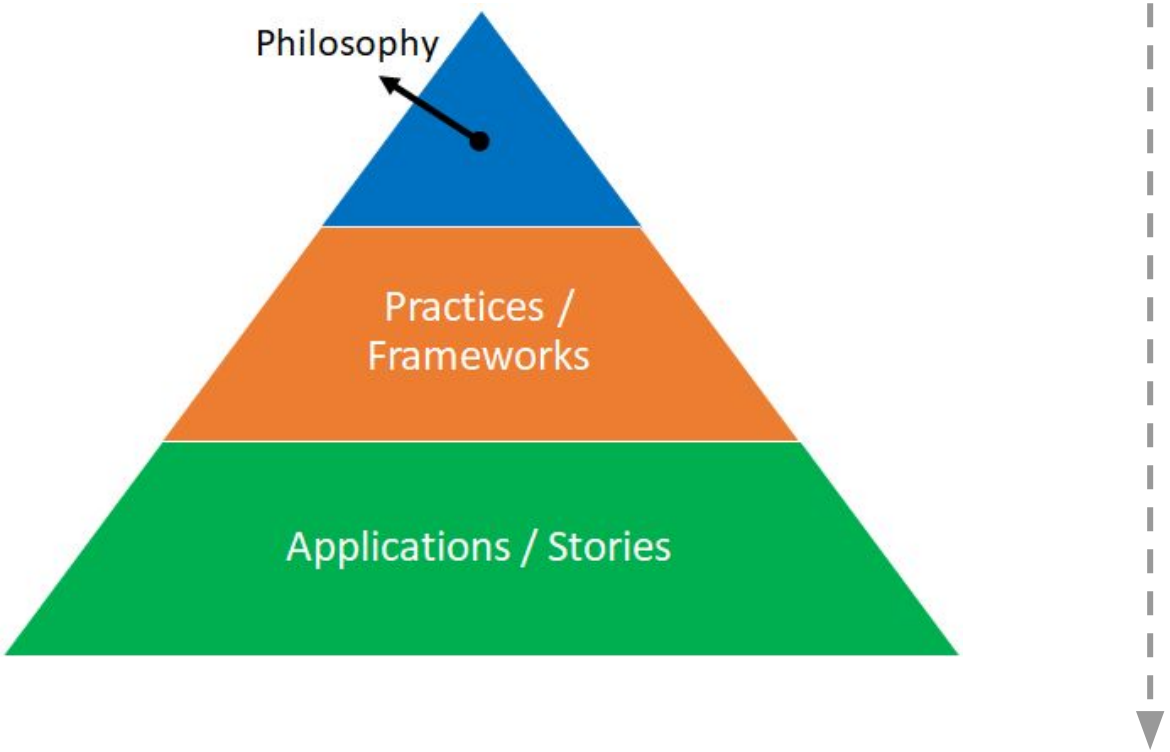
Why Pyramid?

Why not layered rectangles or concentric circles?



Amount of information increases as we move down

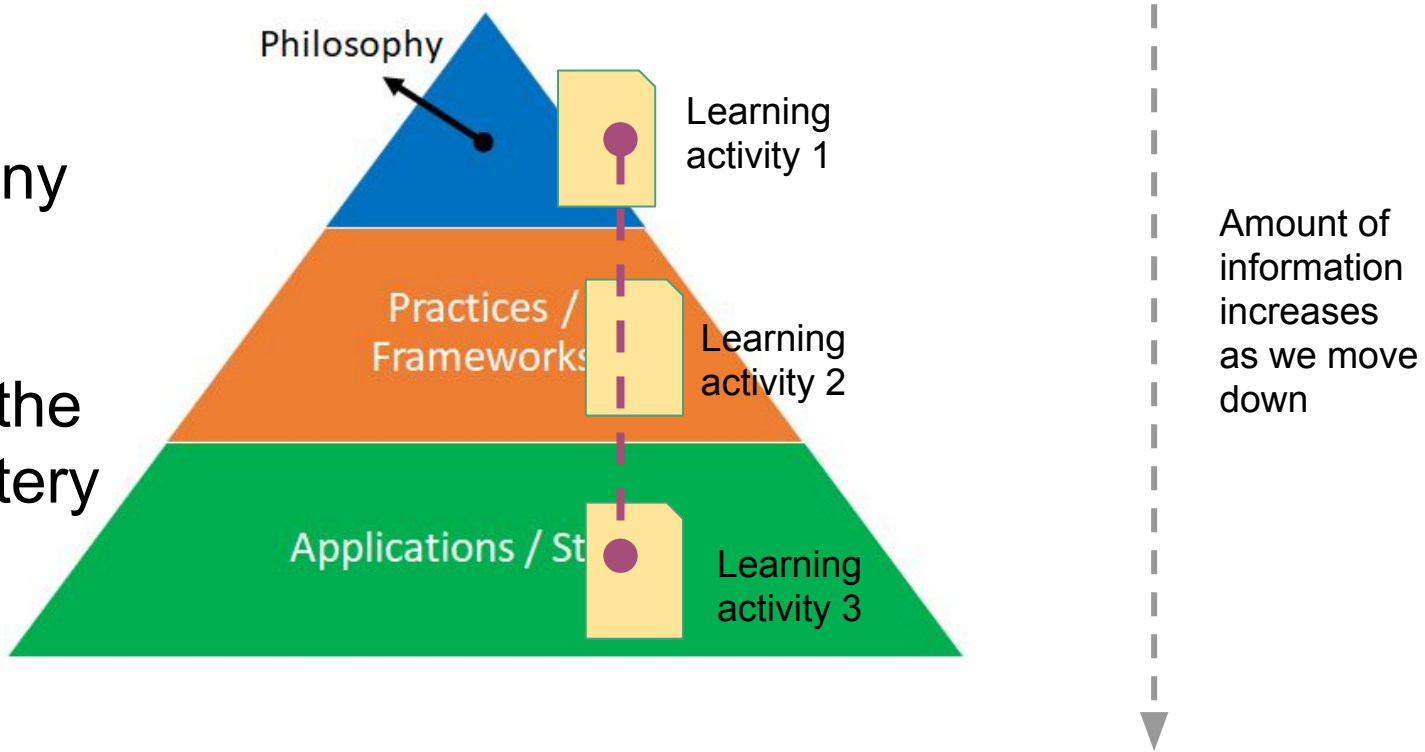
Pyramid of Humble Mastery



How can we use it?

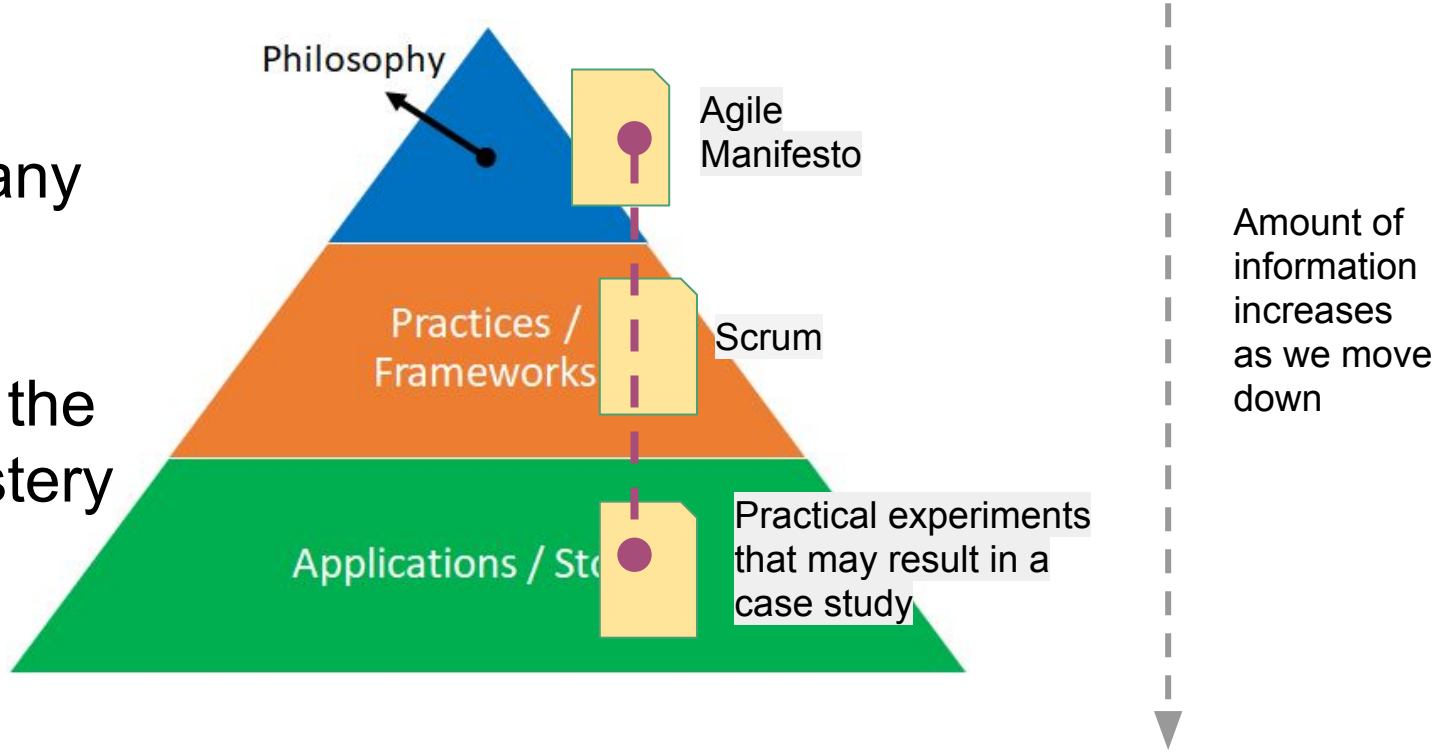
Practice - 1 : Learn by drawing lines

Draw as many lines as possible to progress in the path of mastery

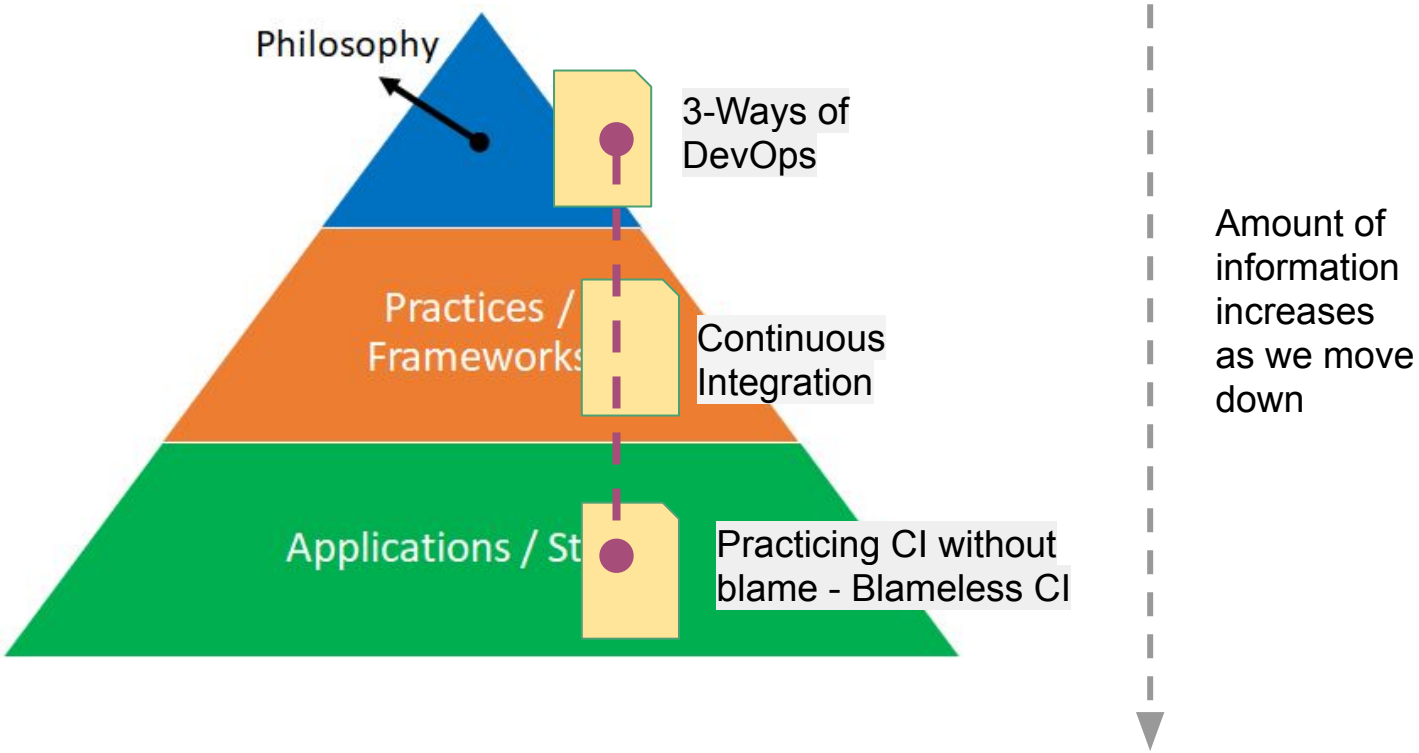


How did we teach Agility using this?

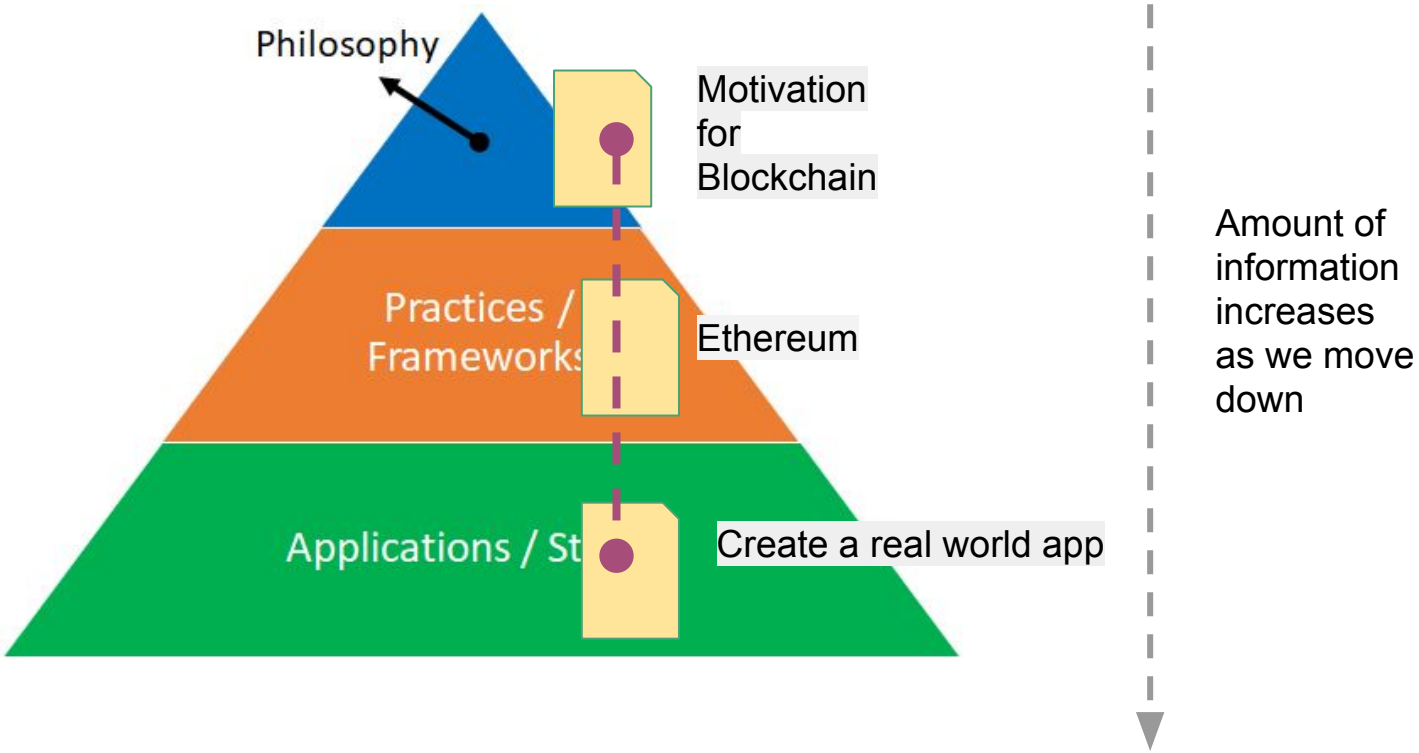
Draw as many lines as possible to progress in the path of mastery



How did we teach DevOps using this?

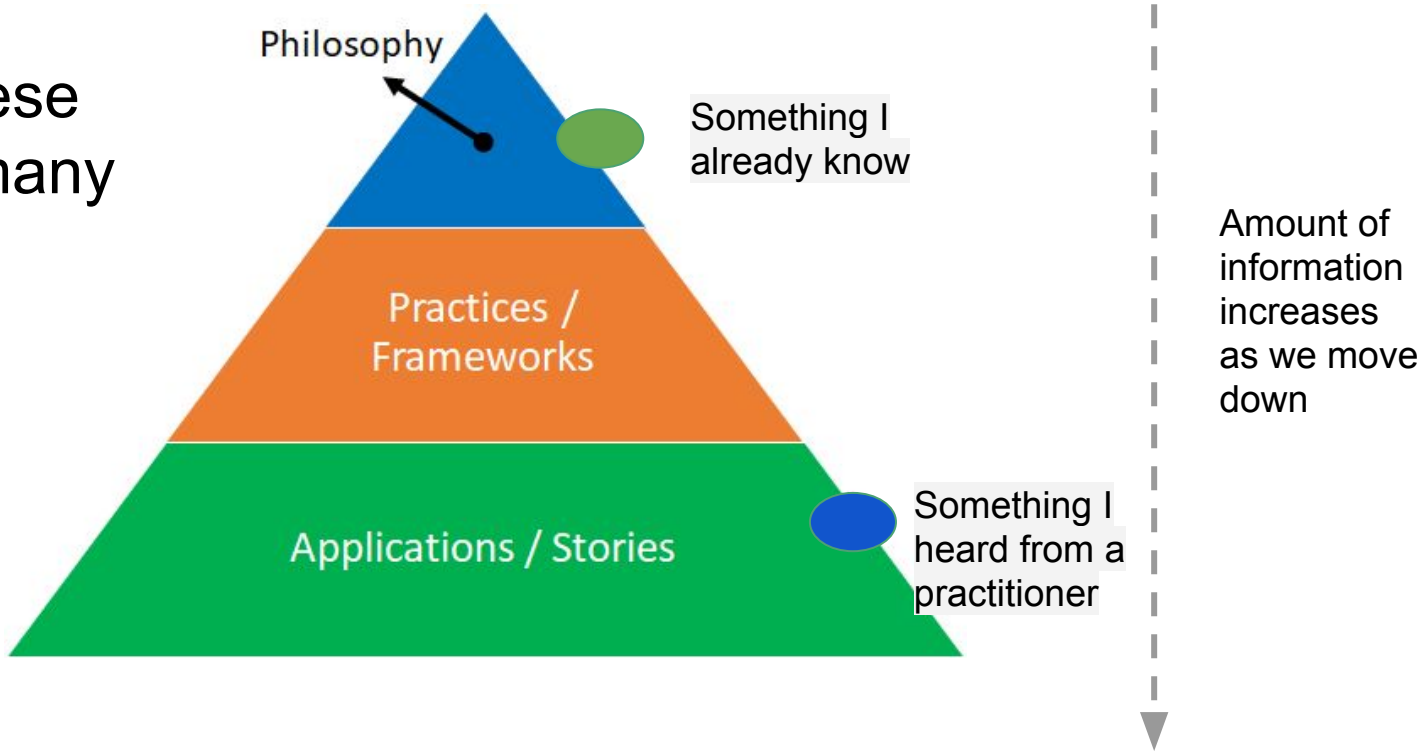


How did we ~~teach~~ learn Blockchain using this?



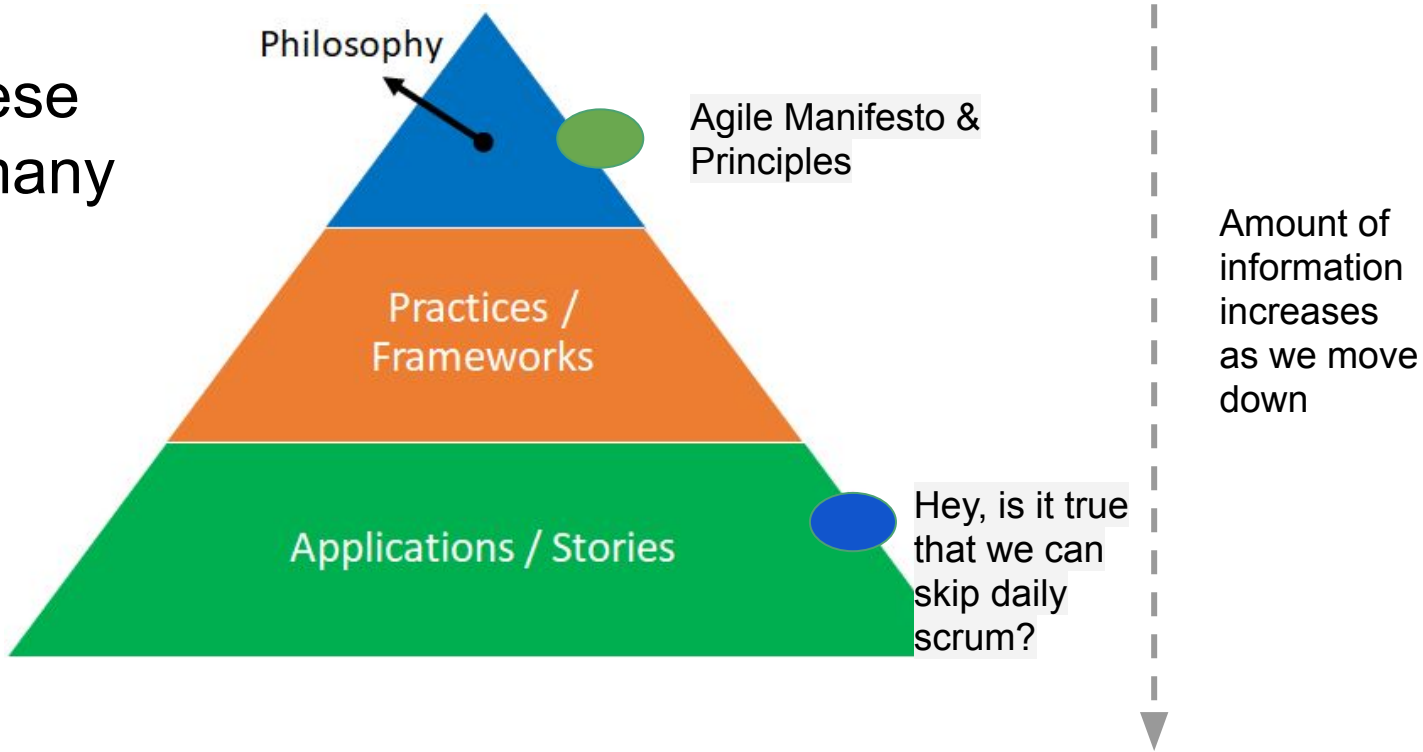
Practice - 2 : Learn by connecting existing dots

Connect these dots in as many ways as possible to reinforce learning



How did we teach Agility using this?

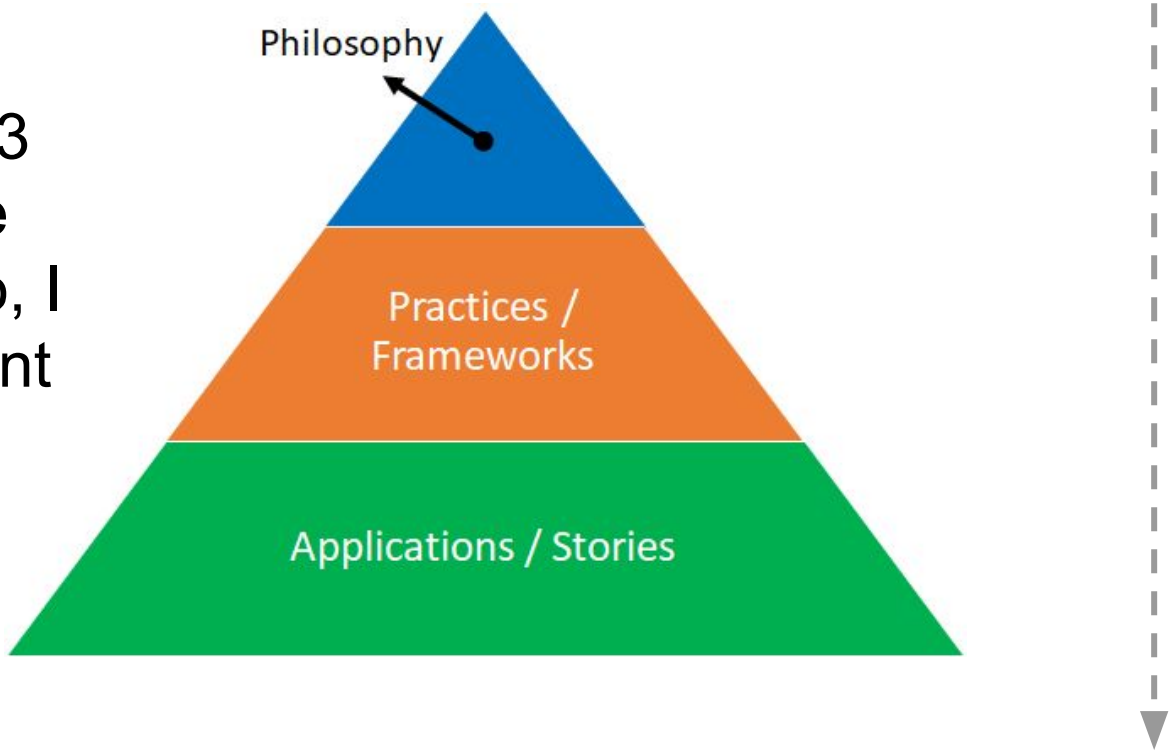
Connect these dots in as many ways as possible to reinforce learning



How does this impart ‘Humility’?

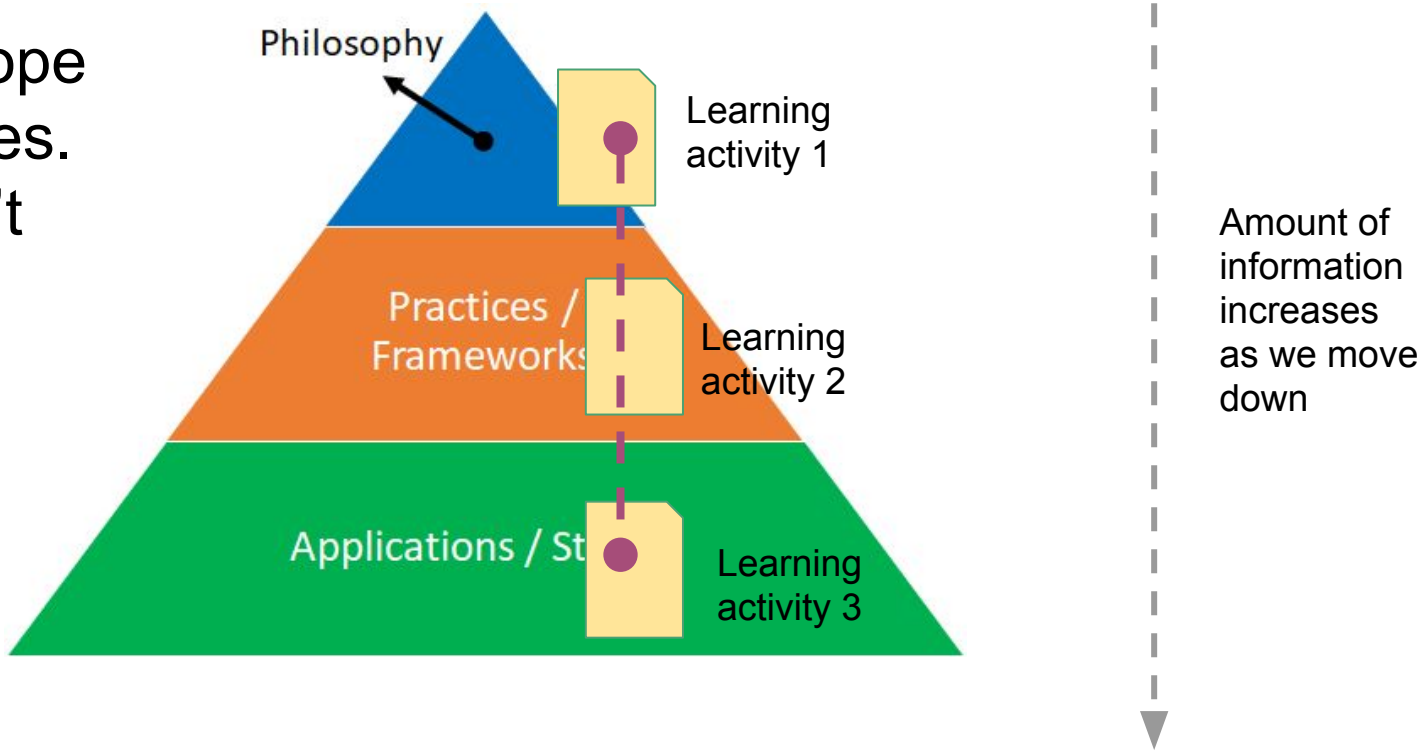
1st Way to Humility

I haven't covered all 3 levels of the pyramid. So, I haven't learnt everything.



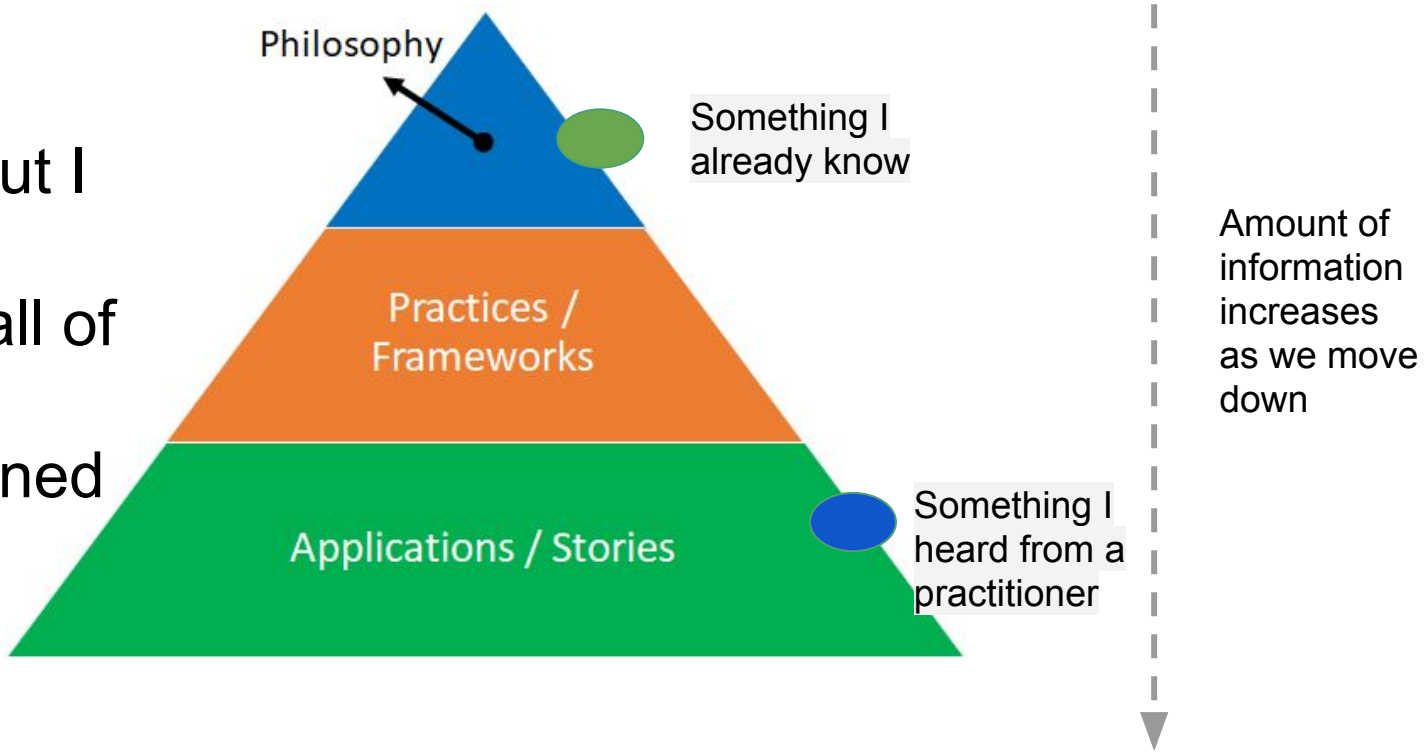
2nd Way to Humility

There is scope for more lines. So, I haven't learned everything.



3rd Way to Humility

I may have seen dots but I haven't connected all of them. So, I haven't learned everything.



Pyramid of Humble Mastery

Bring humility into learning, without cutting out the curiosity.
